INTRODUCTION

Beacon House Club is a private residential club, governed by a Board of Directors composed of owners elected by the entire membership at the Annual Meeting. All management services performed by officers, directors and committee members are provided voluntarily and it is expected that every owner will at some time serve in one of these capacities.

In every condominium, standards of conduct must be established to protect the rights of all individuals. The underlying documents governing the management of the club are:

1. Certificate of Incorporation, of B. H.C., Inc., a Condominium Corporation.
2. Enabling Declaration of Covenants, Restrictions, Limitations, Conditions and Uses creating and establishing a plan for Beacon House, a Condominium Corporation.
3. Declaration of Restrictions and By-Laws of B.H.C., Inc., a Condominium Corporation.

Amendments to these three documents must be approved by the membership.

In addition, a set of Rules and Regulations has been established and approved by the Board of Directors. Changes, additions, or deletions of these rules require approval by the Board and become binding upon all owners, unless they conflict with the three Enabling Documents listed above.

Important requirements from the Certificate of Incorporation, the Enabling Declaration, the Declaration of Restrictions and By-Laws, and Florida's Condominium Act have also been incorporated into these Rules and Regulations.

The Maintenance Supervisor (M-SP) is authorized to enforce the Rules and Regulations with the cooperation and concurrence of the Board. Grievances can best be handled by presenting them in writing to the M-SP. If corrective action is beyond the scope of the M-SP's duties, he will present the written grievance to the Secretary of the Board, who will furnish a copy to each Director for further consideration.

Owners are responsible for advising their guest and lessees to familiarize themselves with the Rules and Regulations to ensure that they know what is expected of them as residents.

In the interest of maximum effectiveness, the M-SP will only take direction from the President, or his designee, and will cooperate with committee Chairpersons.

GENERAL INFORMATION

Enabling Declaration of Beacon House Club provides for three categories of areas: Family Units, Common Elements and Facilities, and Restricted Common Elements and Facilities.

Family Units/Apartments

Apartments are defined as elements or spaces of the unit boundary lines and the horizontal planes of the floors and ceiling elevations, except pipes, wires, conduits or other public utility lines running through apartments which are utilized by, or serve more than one apartment. Each owner is responsible for the maintenance and repair of his unit, including the engagement of local firms for such repair services as electrical, plumbing, appliances, painting, etc. Apartments shall be used for residential purposes only and may not be used for business or for commercial use whatsoever.

Common Elements and Facilities

Common Elements and Facilities are defined as the multi-family structures and the property upon which it is located and includes, but is not limited to, the land, roof, main walls, slabs, elevator shafts, staircases, halls, laundry rooms and appliances, guest parking spaces, guest apartments, Manager's office, community and commercial facilities, Marine Rooms and adjoining kitchens and appliances, swimming pool, swimming pool equipment, pumps, wires, conduits, plumbing and other public utility lines which pass within each unit as an appurtenance thereto. Beacon House Club is responsible for the maintenance and repair of all Common Elements and Facilities.

Restricted Common Elements and Facilities

Restricted Common Elements and facilities are defined as balconies and second floor sundecks next to an apartment, first floor storage rooms and covered automobile parking spaces. These facilities are assigned to each apartment owner for their exclusive use.

Responsibility for maintenance and repair of Restricted Common Elements and Facilities is divided between Beacon House Club and apartments owners. Maintenance of assigned parking spaces is the responsibility of Beacon House Club except the repair of damaged surfaces caused by negligent use, such as consistent or excessive oil spills, and by damages to structural members; (example – parking space walls or columns.) Maintenance and repair of the inside of assigned storage rooms are the responsibility of apartment owners.

Maintenance repair, painting and replacement of standard balcony metal cages and screens, sliding glass/patio/balcony doors, ceilings and walls are the responsibility of Beacon House Club. Owners of apartments are responsible for the maintenance and repair of balcony floors and items installed by current or former owners, such as protective curtains, shutters, blinds or other wind breaking or sun protection materials. Maintenance, painting and repair of second floor sun decks and fencing are the responsibility of Beacon House Club.

SECTION ONE

MAINTENANCE-SUPERVISOR (M-SP)

The M-SP is hired by the Board of Directors and provides help to preserve, protect and maintain the Common Areas and Facilities of BHC, as well as assist owners, lessees, and guests as needed.

Supervisor will take direction from the President, or his designee, and will cooperate with Committee Chairpersons.

Supervisors working hours are Monday through Friday, 8:00 A.M. to 5:00 P.M., with a one hour lunch.

The services that the M-SP is authorized to provide, include but are not limited to:

- Enforcement of BHC Rules and Regulations. If violations exceed the scope of authority, M-SP will request the grievance be submitted in writing to the President or Secretary of the Board;
- General maintenance and minor repairs to our buildings and common areas;
- Supervise apartment entry for pest control, service or maintenance personnel when owner is not in residence. M-SP may also enter a unit to make repairs or deliver packages;

M-SP may only perform personal services for owners, guests or lessees during non-working hours, and may do so for a fee to be agreed upon by both parties. BHC assumes no responsibility or liability for such services performed by the M-SP during his non-working hours. (See Section Four - Forms)

SECTION TWO

ACCESSIBILITY OF RULES AND REGULATIONS

Owners are responsible for advising their guests and lessees to familiarize themselves with the Rules and Regulations to ensure that they know what is expected of them as residents of BHC. Owners are asked to leave a copy of the Rules and Regulations for guests during the owner's absence. The Membership Committee will give a copy to lessees and new owners at the time of the introduction meeting. Additional copies may be obtained from the office.

ALTERATIONS/RENOVATIONS/STRUCTURAL CHANGES TO APARTMENT NEEDING BOARD APPROVAL

Since BHC buildings date from the 1960's, it is important that any significant alteration or structural modifications do not cause damage to the integrity of BHC buildings' mechanicals or weight-bearing walls. Architect/contractor plans must be submitted to the Board for approval for any such project. (A BHC form for such renovations can be found in Section Four of the Rules & Regulations.) Examples of such changes that require Board approval include but are not limited to: installations of hurricane shutters or sun-shades, installation of hard-surface flooring in apartment or balcony, removal of a wall or portion of a wall, or remodeling of kitchen or bathroom.

BALCONY/SUNDECK

Maintenance, repair, painting and replacement of balcony screens, metal cages, sliding glass doors, wall, ceiling, electrical outlet, and light fixture are the responsibility of BHC. Maintenance of the fence around sundecks is also the responsibility of BHC. All alterations are prohibited unless owner has Board approval. Repair or replacement of any of these items, due to the carelessness or negligence of the owner, their lessees or guests, is the responsibility of the owner.

Items installed by current or former owners, such as hurricane shutters, blinds or other wind breaking or sun protection materials are also the owner's responsibility.

In addition, owners may not puncture (by nails, hooks, screws) the balcony floor, wall or ceiling without the prior written approval of the Board.

Owners may not use a balcony/sundeck to store or hang personal items, use a barbecue grill or fireplace of any kind.

No glass tables are permitted on the second floor sundecks.

No coverings or fasteners either temporary or permanent may be affixed to the railings, lanai cages or screening of decks, balconies or lanais.

Owners who are absent for a month or longer must remove balcony/sundeck furniture and all other movable items, unless protective wind screens are lowered. Owner(s) who are negligent in complying with this rule, will be charged for removal and/or any damage incurred by non-compliance.

BALCONY/SUNDECK FLOORS

The installation of tile is advised to protect the waterproof coating of the balconies. All tile contractors must see the M-SP (Maintenance Supervisor) for a list of approved adhesives. If unapproved adhesives are used, the removal and replacement of tile, adhesive and waterproof coating will be at owner's expense.

Owners are responsible for keeping balcony "weep holes" open to drain excess rain water, as well as the maintenance and repair of balcony/sundeck floors. When cleaning, please do not allow excess water to run off to balconies below. Carpet on balcony and sundeck floors is prohibited. Paint and tile on sundeck floors is also prohibited.

Owners of all 2nd floor units that connect to "limited common area sundecks" must sign an Acknowledgement & Acceptance Agreement whereby they will abide by all manufacturer's requirements regarding the care and maintenance of the surface of said Sundeck.

BICYCLES

No bicycles may be stored in the carport areas. The temporary storage of bicycles is allowed while the owner is in residence, in the bike storage building. Each bike must be identified by name and unit number. Owners absent over a month must remove their bikes to their units or storage area. Bicycles left in the storage room may be donated. (11/2016)

A bicycle rack is provided adjacent to the pool.

BULLETIN BOARDS

All notices (BHC units "For Sale," Board agendas, etc.) should be posted on the bulletin board provided in each building. Only BHC notices regarding the working condition of the elevator may be posted on the exterior, stainless steel elevator frame. No items may be adhered to the interior of the elevator.

CARTS

Association-owned carts are available for use by owners, guests and lessees. They are located in the West building trash room, and by the mail area in the East building. Please return the carts to these locations. Leaving carts or any other articles on stairwell landings or halls is a violation of Naples Fire Department regulations.

CAR WASHING/BEACH WASH OFF

The car washing area is located at the east corner of BHC property. Upon completion of use, the water valve must be turned off, hose rewound onto rack, and all debris removed. Please use this area, or the water faucets located in each carport, to remove sand from strollers or bicycles before entering buildings.

Beach wash off is located at the Marina near the Kayak Launch. Please wash off **all** sand before entering buildings.

CLOTHES DRYING

Clothes lines or similar devices will not be permitted on the premises of BHC.

COMMITTEE MEETINGS AND MEMBER PARTICIPATION

Notice of all Committee meetings, except social, must be posted 48 hours beforehand and include the location, time and an identified agenda. Meetings are open to all members and will be conducted with Robert's Rules. Committee members are appointed and serve at the pleasure of the Board.

COMPLIANCE COMMITTEE

Any violation of the BHC By-Laws and Rules and Regulations must be brought to any Board member in writing before consideration may be given. The Board may then convene the Compliance Committee, consisting of 5-7 non-Board members, who will review all pertinent factors and make a recommendation to the Board for final action.

CONTRACTORS AND SERVICE PROVIDERS

All plumbers and electricians must be licensed and insured.

To prevent safety and privacy issues, owners are required to register all contractors, delivery and service personnel with our M-SP. Please call the BHC office phone number, 239-262-4095.

In addition, all contractors and service personnel are permitted to work at BHC only on weekdays from 8:00 A.M. to 5:00 P.M. Major renovations may only take place between May 1 and November 1. Further, hammering and drilling by owners, lessees, or guests is restricted to 9:00 A.M. – 5:00 P.M. weekdays only.

It is also required that contractors remove work-related debris (carpeting, tile, etc.) from BHC premises. Debris may not be placed down the garbage chute, nor placed in the BHC dumpster. If contractors place debris in the dumpster, owners will be charged a fee for debris removal. Infractions should be reported to the M-SP or Board member immediately. If there is an emergency repair at any other time of the day or week, the M-SP must be informed. (See "DELIVERIES")

DELIVERIES

In an owner's absence, the M-SP may sign for small packages and deliver them to apartment. Owners are required to protect the elevator walls with protective padding when there is to be a large delivery or a contractor bringing equipment into the elevator. The pads are located in each building's Trash Room. Owners may request assistance from the M-SP, the contractor or delivery person to hang the pads, which must be removed as soon as possible after use. Pads may not be hung in the elevators from Friday, 5:00 P.M. to Monday, 8:00 A.M. Owners must ensure that only the side doors be used for contractors' equipment and deliveries, and M-SP has been notified. (See "CONTRACTORS AND SERVICE PROVIDERS")

EMERGENCY CONTACT PERSON

Submit "Emergency Contact Form" (See Section Four) to the M-SP with name and phone number of individual to be called in a personal emergency. It is suggested that an extra apartment key be given to a neighbor, as well as a copy of the form.

EMERGENCY PROCEDURES: CONTACT M-SP or BOARD MEMBER ASAP

When an electrical power failure occurs, emergency lights turn on automatically in the halls and stairwells of each building. Smoke detectors are wired into BHC's fire system.

AN EMERGENCY PHONE IS LOCATED IN EACH MARINE ROOM AND IN THE POOL AREA. MEDICAL EMERGENCY – IMMEDIATELY CALL #911 FOR ASSISTANCE.

FIRE EMERGENCY – IMMEDIATELY CALL #911 FOR ASSISTANCE, NO MATTER HOW SMALL THE FIRE. In addition, take the following steps:

Place the palm of the hand on the top of the apartment door. If hot, do not try to open the door. If cool, open door and pull either of the two fire alarm levers located on each floor near the stairwell doors. This alarm connects directly to the Naples Fire Department and will also activate alarms throughout the building, including inside each owner's apartment.

For a small fire, use portable fire extinguisher, located on each floor near the elevator. These extinguishers are dry chemical and may be used for fires involving grease, oil, flammable liquids, electrical wiring, fixtures and appliances.

They may also be used to fight fires involving wood, paper, cloth, plastic and rubber.

Do not use elevators.

Close all windows and balcony sliding doors.

Turn off air conditioning unit and ceiling fans.

To evacuate the building, place palm of hand on top of the apartment door, and repeat steps listed above. Proceed to a stairwell indicated by the red "EXIT" sign. Again place palm of hand against the stairwell door. If cool, open door. If flame, smoke or hot gases emerge from the stairwell into the hallway, close door immediately and proceed to balcony, after closing apartment and balcony sliding doors. Await rescue by the NFD. At night, indicate location with a flashlight.

ELEVATOR EMERGENCY

Use the phone in the elevator to call the elevator company. The call will be answered at any time of the day or night, and a technician will be dispatched promptly. In a power outage, the elevator will automatically descend to the 1st floor and the doors will open.

FLOOD EMERGENCY

Due to BHC's buildings design, backed-up sinks, toilets, tub/showers may likely impact neighbors located on the same floor and below owner's apartment. Turn water main lever/knob "off." (It is vital this lever/knob is functioning and not rusted "open.") Notify M-SP and a Board member immediately. Only licensed plumbers, familiar with BHC buildings will be allowed to work on the main stack. (Review owner's liability under "GARBAGE DISPOSAL".)

FINES

The Board of Directors may, by the following Florida Statutes – Section 617.10 (3), impose fines in such reasonable sums as considered appropriate, not to exceed \$100.00, against unit owners for violations of the Condominium Documents, including these Rules and Regulations, by owners or their guests or lessees. Each day of the violation shall be a separate violation and fines may be assessed up to \$1000. No fine shall be assessed until the owners have been given an opportunity for a hearing. The procedure for the hearing shall be as follows:

1. Notice of a violation of the Rules and Regulations or By-Laws must be given to the Vice-President or Secretary of the Board, in writing, before a matter will be reviewed. The Board may then ask the Compliance Committee to address the issue and make a recommendation to the Board for final action.
2. The party against whom the grievance has been made shall be afforded an opportunity for a hearing after reasonable notice of not less than fourteen (14) days, and said notice shall include:
 - a. A statement of the date, time and place of hearing;
 - b. A statement of the provision of the BHC Declaration of Condominium, By-Laws, or Rules and Regulations which have allegedly been violated;
 - c. A short and plain statement of the violation(s) asserted by BHC.
3. The party against whom the fines may be levied can respond, present evidence, and provide written and oral arguments on all issues involved. Unit owners will have an opportunity at the hearing to review, challenge and respond to any material considered. In addition to a fine, the Board has the option of taking legal action.

FLOORING

In addition to carpeting, owners may install tile, wood, and other hard surface flooring materials in their units with the following requirements:

1. **The installation of hard surface flooring must be approved by the Board** prior to any installation. Please refer to BHC Renovation Application found in the BHC Rules and Regulations dated January 2015.
2. The M-SP must personally verify that the underlayment material to be installed is consistent with the Board approved soundproofing which currently shall be of such kind and quality to achieve a Sound Transmission Class (STC) of at least 72 and an Impact Insulation Class IIC rating of at least 68.
3. Before the licensed contractor leaves the site, the M-SP must personally inspect the hard surface flooring material to verify the installation complies with the Manufacturer's warranty standard, which currently includes under Proflex 90, but may not be limited to, installation at a distance of at least one-quarter (1/4) inch from the walls of the apartment.

4. Violations will not be tolerated, and owners will be sanctioned if rules are not followed. (Refer to “Fines”, page 8).
5. Recognizing a certain amount of sound transfer exists in any multi-family dwelling, owners are requested to take reasonable actions to abate any potential noise problems by placing area rugs in appropriate areas within their unit, using pads on furniture feet, not wearing hard heel and soled shoes within the unit, avoiding the movement of furniture at early or late hours, and taking any other actions to minimize the transfer of noise.
6. Should an owner find their enjoyment of their unit is being unreasonably interrupted by noncompliance with the rules herein, a written complaint should be made to the Board.

GARBAGE CHUTES

Garbage chutes located on each floor may only be used during weekdays, from 8:00 A.M. – 9:00 P.M. On weekends and holidays, the M-SP is not on duty to dispose of trash. The use of garbage chutes is prohibited from Friday, 5:00 P.M. until Monday, 8:00 A.M. Weekends and holidays, residents are required to use the dumpster, located in the Marina parking lot. Liquids and glass must be conveyed in a bag and hand carried to the Trash Room. All remaining garbage must be placed in a sturdy bag and tied securely before using the chute. Double bag any bag that has a hole.

GARBAGE DISPOSAL

Neighboring apartments may be impacted by a clogged drain. It is essential that disposals be used only for small amounts of easily ground food materials. To ensure that major clogs do not occur in the buildings, do not grind the following items:

Metals, glass, paper, ceramics, cloth, string, rubber, seafood shells, artichokes, corn husks, melon and citrus (especially lime) rinds, banana skins, pea and bean pods, asparagus stalks, or any other tough, fibrous material.

Do not pour grease of any kind into the disposal or sink.

Run water for one (1) minute after disposal is clear of food.

The cost of plumbing repairs or water damage to a neighbor’s apartment resulting from misuse of disposals or owners’ clogged sinks will be charged to the owner of the responsible unit. If the problem is in the main stack, notify the M-SP. Only licensed plumbers, familiar with BHC buildings will be allowed to work on the main stack.

GRILL AREAS

Gas-fired grills are located outside each building. After use, owner/lessee are responsible for scraping grills with tool provided. Please remember to turn the gas valve and light “off,” remove all debris and leave the cover off the grill. Cleaning staff will clean area and replace grill cover.

"No behavior shall be allowed which will create a public or private nuisance, nor which shall unreasonably interfere with the quiet possession or enjoyment of the condominium premises, nor which becomes a source of annoyance to the condominium residents." In the event an owner leases their unit, the owner's vehicle may remain on the property, but in such case the renter may only keep one vehicle, which must be registered with the Manager prior to occupancy. The renter must execute a written waiver of the second spot, along with or as part of the lease.
6. A marked parking spot for each of the guest suites, shall be restricted to the vehicle registered upon check in. At such times as there is no occupant of the guest suite, the spot will be available as unrestricted parking, and there shall be an attachment to the sign to indicate it is available.
7. Each marina slip will have one parking tag issued per slip. Boating guests may park in the marina parking lot, subject to availability.
8. Workmen and service providers may use any available spot for parking on a short-term basis.
9. Care should be taken to allow clear access for emergency vehicles.
10. Should a vehicle not comply, the owner may be subject to fines and costs of removing the vehicle after notice to the owner.

SALES PROCEDURE

The M-SP may not be involved in any aspect of the showing or selling of a unit, nor may he give any information regarding the status of units for sale.

Realtors will leave a message on the BHC office phone, detailing the unit number to be shown, the Realtor's name, the time and date of the appointment.

A lockbox, which will contain a key for each unit on the market, will be located at each building. For security and monitoring purposes, these lockboxes will automatically record the Realtors who access them.

SECURITY

After entering the building, check to see door has locked properly. Do not hand out keys or code to any contractors or cleaners. The M-SP must be informed, whether owner is or is not in residence, when contractors and service personnel enter the building. Please call the office, 239-262-4095.

Open House signs are the only signs that may be displayed in or upon any portion of the BHC premises. These signs may only be used for the duration of the Open House period and must be removed immediately afterward.

SMOKE-FREE PROPERTY

The entire BHC property is “smoke-free,” which includes the interior of all buildings and units. Two designated smoking areas with benches are located on the premises.

SOLICITATIONS

No solicitations for any charity, cause or purpose will be permitted.

STRUCTURAL CHANGES: SEE ALTERATIONS, PAGE 1

STAIRWELLS

Per Naples Fire Department regulations, no beach chairs, sand toys, or any other personal items may be stored at any time in the stairwells.

TANK-LESS WATER HEATERS

Tank-less water heaters are not allowed due to electrical capacity requirements.

TRASH ROOM

Please break down all cartons before disposal in Trash Room or dumpster.

WASHERS AND DRYERS

These appliances may not be installed in an owner’s apartment with the exception of the Penthouse units in the West Building.

WATER HEATER REPLACEMENT

Each Unit owner whose Unit contains a tank water heater shall install a new water heater in their Unit no less frequently than (i) ten (10) years from the date of installation, or (ii), if longer, the number of years for which water heater is warranted; provided however that if the water heater shows signs of failure it must be replaced immediately. For purposes of this rule, the date of installation is determined by the serial number on the water heater or by such other documentation as the Board, in its sole discretion, deems sufficient to establish the date of installation.

- a. Unit Owners may use contractors of their choice to install the water heaters. Such contractors shall be properly licensed and insured in accordance with local industry custom, and the Board may require proof of same.
- b. Unit Owners shall provide the Association, through the Maintenance-Supervisor, with proof of compliance of this water heater installation requirement. The Association shall have the right to enforce this Rule via all available remedies provided in the Declaration of Condominium and under Florida Law.
- c. If the warranty life of a water heater is greater than fifteen (15) years, the Unit Owner shall have their water heater inspected by a water heater professional prior to fifteenth (15th) anniversary of the installation date. If the water heater professional designates the subject water heater as functioning properly during this inspection, the Board of Directors may, but is not required to, grant the Unit Owner an additional five (5) year written waiver extension, which may be subsequently renewed by the Board of Directors every

five (5) years after a satisfactory inspection occurs; provided that no extension may extend beyond the length of the warranted life of the water heater.

- d. Notwithstanding the foregoing, the Board of Directors retains the right to immediately require the replacement of any water heater if the Board of Directors determines that the replacement of the subject water heater is necessary to protect and preserve the Condominium Property.
- e. Each Unit Owner will have sixty 60 days from the date the Association mails the Unit Owner notice that the water heater in their Unit must be replaced in accordance with these provisions to replace their water heater and to provide the Association with proof of compliance of this water heater replacement installation requirement.
- f. Failure to replace a water heater as required under these provisions will constitute the Unit Owner's authorization to the Association to replace the water heater at the Unit Owner's sole expense pursuant to Article 9, Section 9.10 of the Declaration of Condominium and will create a presumption of negligence by the Unit Owner for purposes of Article 9, Section 9.11 of the Declaration of Condominium. BHC CONDOMINIUM RENOVATIONS OWNER/CONTRACTOR AGREEMENT- TERMS AND CONDITIONS

It is the expectation that all General Contractors will advise their crews and sub trades that Beacon House is a year round residence for many people. Every effort should be made to do their work in the least disruptive ways possible.

Terms and Conditions:

Construction Requirements: Beacon House Rules and Regulations prescribe any major renovation requiring city permitting, to be done between May 1st and November 1st.

- Work and deliveries are only allowed from Monday through Friday between 8:00 a.m. and 5 p.m. If special circumstances dictate work outside of this restriction, the General Contractor, through the Condominium Owner, should request special consideration and approval by the M-SP and/or the Board.
- All work shall be performed in a good, professional, and workmanlike manner and in strict accordance with this document, all applicable current City of Naples and State of Florida codes, industry standards, the architect/contractor's plans approved by the Board, the approved design specifications of manufacturers, and any additional requirement of the Beacon House Club for particular projects as noted in a writing attached to this agreement or the Board's approval (all of the foregoing being "Applicable Requirements").
- The condominium owner (or his/her contractor) shall obtain all required City of Naples building permits and submit a copy of the Permit card to the Beacon House M-SP prior to the commencement of any work. Also, post the permit as required by applicable law.
- A copy of the General Contractor's current license, as well as the current licenses of the electrician and plumber, and any other subcontractors whose work requires licensing, shall be submitted to the M-SP prior to work commencing. Plumbers who work on the main stack must be licensed and approved in advance by Beacon House and requires that the MS-P supervise any work being done if the plumber has not previously worked on the main stack at Beacon House.
- Construction specifications exist to ensure the structural integrity and soundproofing of the Beacon House. These include limits on slab penetration, minimum sound-deafening material under hard surface flooring, and approved adhesives for tiling of external balconies – details **MUST** be obtained from the M-SP prior to work commencing. M-SP inspections of work related to these restrictions will take place at the time of work being done and also after installation.
- Do not put anything down the drains, including paint or waste materials. Snaking out to the main stack is recommended.
- If you are exposing common pipes, please co-ordinate with the Beacon House M-SP so he can determine the need for replacement.

Insurance Requirements: The contractor must carry liability and workmen's compensation insurance of not less than the minimum amount required by law. For the duration of the project, **Beacon House must be added/named as an additional insured** on the Contractor's Certificate of Insurance.

Inspections: Beacon House Board shall maintain the right, but not the obligation, to inspect work in progress and after completion. Except in the case of emergency, the Contractor and the Owner will be notified prior to any inspection other than normal daily supervision. However, Beacon House inspections do not relieve the Owner and Contractor from their exclusive responsibility to ensure the work is done in conformity with Applicable Requirements. Beacon House Board shall have the right to require suspension of work in the event the MS-P and/or the Board determines (i) work is not in conformity with Applicable Requirements or (ii) damage is occurring or has occurred to Beacon House property or the property of any Unit Owner. Work may not be resumed until Beacon House Board and the MS-P determine that work is in conformity with Applicable Requirements, any damage to Beacon House property and/or any Unit Owner's property has been repaired to the satisfaction of Beacon House and any applicable Unit Owner(s), as the case may be, and that the conditions which resulted in the suspension of work will not recur during the Project. Any time spent in connection with the Project by the MS-P outside of normal business hours will be billed to Owner at the rate of \$50 per hour. If a Project requires

an inordinate amount of the MS-P's working time, the Beacon House Board reserves the right to charge the Owner for MS-P's time.

Property Protection and Security

Upon their arrival, each contractor is to contact the Beacon House M-SP, to gain entry to the property. His number is 239-825-4441. Work and delivery access is through the side doors of either building.

Please ensure building entryways and resident's vehicles are not blocked for any length of time.

- The Owner, if in residence, or the M-SP in the Owner's absence, should ensure protective padding is in place in the elevator during work hours. The padding should be removed on weekends and holidays.
- Other common areas must be protected at all times. We ask your contractor to supply other floor protection for the common area outside your unit, and to clean and remove it at the end of each day if other units are occupied.
- All construction materials must be removed from Beacon House premises and under no circumstances, deposited in the Beacon House Club dumpster – if contractors place debris in the BHC dumpster, owners will be charged a fee for debris removal. Construction dumpster locations for the West and East buildings will be determined by M-SP. Dumpsters should be covered and will not be allowed to stay on Beacon House property without frequent emptying.

Owner and Contractor Sign off

We will work diligently to complete the project within the construction timeframe. We have read, understand and agree to the above Construction Specifications and Terms and Conditions for working at Beacon House Club, and will monitor all crews and sub trades for compliance with these Construction Specifications and Terms and Conditions. AGREEMENT AND RELEASE**

Under Florida Condominium laws, the Beacon House Club (“BHC”), or its manager is authorized to enter units in emergency situations, for maintenance purposes, pest control or for replacement of common elements and prevention of damage to the common areas.

I/we do hereby understand and agree that inspections of unoccupied units will be made by the Association and/or its agents, according to Florida Condominium laws and for purposes stated above, and that my unit will be entered during my absence for such purposes. During the course of such entry, Association personnel will voluntarily undertake the inspection of the interior of my unit for purposes of preventing or discovering problems such as water intrusion, malfunctioning equipment, etc., which might lead to preventable property damage, either within my unit or in other units. I understand and agree that this inspection of the interior of my unit is a convenience and a courtesy and is not intended to be a thorough inspection.

In case of an emergency repair, the Association will make every effort to contact the unit owner for authorization to make repairs. However, the unit owner(s), by signing below, do hereby authorize emergency repairs and **agree that I/we am/are responsible for the cost of any such repair**, unless any such repair is normally the responsibility of the Association.

I/We understand that neither the Maintenance Supervisor (M-SP), nor any other BHC personnel, is allowed or authorized to do any work for me personally during normal business hours. If I desire to hire any of the BHC personnel or request that they perform extra work on my behalf, it must be done outside of their normal working hours for BHC.

I/We do hereby release, save, hold harmless and indemnify Beacon House Club, its members, officers and Board of Directors from any and all damages and/or liability that may arise from any such inspections or work related thereto and from any outside work done by BHC employees on my behalf.

Policy and Procedure for Disabled Owner or Resident to Request Reasonable Accommodation; Service/Support Animals

Background: Under the Federal and State Fair Housing Acts, an owner or resident who is disabled may request reasonable accommodation(s) in the Association's rules, policies, practices, or services when such accommodation(s) may be necessary because of his/her disability. For more information on the governmental rules pertaining to requests for reasonable accommodation, please review the *Joint Statement of the Dept. of Housing and Urban Development and the Department of Justice on Reasonable Accommodations under the Fair Housing Act* at www.usdoj.gov/crt/about/hce/documents/reasonable_modifications_mar08.pdf.

Objective: To establish policies and procedures for meeting the requirements of applicable state and federal law relating to disabled individuals as they pertain to Service/Support Animals.

Policy: The policy of the board of directors of B.H.C., Inc., A Condominium Corporation, is to make every attempt to provide reasonable accommodations for disabled residents in accordance with applicable state and federal law.

PROCEDURE

Submittal of Request: A disabled owner, resident, or any other entitled person must notify the Association of the request for a reasonable accommodation to allow a service and/or support animal and provide adequate documentation supporting the request in compliance with the Florida and Federal Fair Housing Acts. Additionally, the requesting party must provide the signed acknowledgement on page four (4) of this document. The completed form and documentation must be delivered or mailed to the Association at 2170 Gulf Shore Blvd. N., Naples, FL 34102, Attention: Secretary of the Board.

The Association will consider all requests for a reasonable accommodation no matter how the request is made; however, use of the supplied forms will expedite the process.

Procedure for Reviewing a Request for Reasonable Accommodation: Upon receipt of the requested forms (or information supplied) for a disabled owner, resident or other entitled person's request for a reasonable accommodation(s) to the Association's pet prohibition, the request forms will be reviewed by the Board of Directors within 30 days of receipt in the Association's office, and the owner or resident will be notified in writing of the Board's decision. If additional information is required by the Board, the review may take longer, and the submitting owner, resident or guest will be so advised in writing. Additionally, it may be necessary for the Association's legal counsel to review the documentation submitted in support of a request for a reasonable accommodation,

which in turn, may prevent the Board from providing owner, resident and/or guest with a decision within 30 days. If the matter is referred to the Association's legal counsel, owner, resident and/or other entitled person will be notified in writing. If the request is approved, any special condition(s) of approval will be provided in writing. If disapproved, the reason for disapproval will be provided in writing.

Guidelines as to when medical documentation is required and what type of medical documentation is required. The Association is entitled to obtain information that may be necessary to evaluate whether a requested accommodation is necessary because of the owner, resident and/or guest's disability. If a person's disability is obvious and if the necessity for accommodation is also apparent, then the Association will not request any additional information about the requester's disability or the related need for the requested accommodation.

If the requester's disability is not obvious, after reviewing the submitted request form, the Association may request additional, reliable information that is necessary to verify that the requester has a physical or mental impairment that substantially limits one or more major life activities (which is the definition of a "handicap" under the Fair Housing Acts). If information on the requester's disability is requested by the Association, he/she may provide information verifying that he/she meets the foregoing definition of "handicap," for example, by submitting proof that he/she is under 65 years of age and receiving Supplemental Security Income, Social Security Disability Insurance benefits, or private disability insurance benefits. In addition, the requester's treating physician with expertise in the area of the owner's proposed disability may provide verification of the disability, in addition to the nexus between the animal and the disability. If the requester's disability is obvious, but the need for the accommodation is not apparent, the Association may request information that is necessary to evaluate the disability-related need/nexus for the requested accommodation. In this case, the Association will request reliable disability-related information that is necessary to evaluate the disability-related need for the accommodation, which may include medical records evidencing dates of diagnosis and treatment for the disability.

The treating physician must state whether the disability is temporary or permanent. To the extent a disability is not permanent, the Association may request additional updated medical information annually or as it deems necessary to determine if there is a continued need for the requested accommodation.

The Association may request advice from legal counsel concerning any owner's request for a reasonable accommodation. Owner, resident and/or guest each hereby consent to the disclosure of all documentation in support of the request to the Association's legal counsel.

Additional Information

An individual's need for an accommodation may change over time as a result of changes in the individual's own level of disability or impairment, treatments available to mitigate a disability, and/or other circumstances affecting the individual. What qualifies as reasonable in one set of circumstances may not be reasonable or necessary in another. If and when circumstances change, it is your responsibility to notify the Association if you need, or no longer need, a reasonable accommodation.

Maintaining an Emotional Support/Service Animal

Should a request for a reasonable accommodation to the pet prohibition be granted, the Association reserves the right, pursuant to Florida law, to withdraw this approval at any time, should the emotional support/service animal become a nuisance to Others; which includes, but is not limited to: barking; biting; aggressive behavior; attacking; owner's failure to properly dispose of excrement or waste; walking the dog in prohibited areas; failure to comply with all state and local ordinances and statutes, including but not limited to bringing the pet into the pool area; not maintaining the animal on a leash at all times when outside of the unit; insect/extermination problems; sanitation/odor problems. Additionally, the approval of the animal may be withdrawn if the requesting party is no longer disabled. Further, the applicant/owner is required to provide updated medical information concerning his/her disability (if the disability is not permanent); current and annual vaccination, immunization and veterinarian records for the animal; and certifications or trainings the animal possesses (if any); and to maintain an identification tag on the animal. Failure to comply with any of these requirements is grounds to withdraw the approval of the animal. Owner is solely responsible for any and all damage caused by the animal, whether to person or property.

Often, there are competing requests for reasonable accommodations that must be balanced. For example, there may be individuals residing at the condominium with severe animal allergies and/or phobias. To accommodate a disabled person's request to maintain an emotional support/service animal and to accommodate those with animal allergies and/or phobias, animals must be taken in and out of the building (identify a particular elevator, set of stairs and/or service entrance", as designated by the Board. Animal owners are requested to carry the animal or to use another device, such as a stroller, to prevent the animal dander from spreading dander throughout the common areas. Unless specifically required as a necessary, reasonable accommodation, emotional support animals are not to be brought on the common elements, such as the pool area and deck, the clubhouse and other common areas, other than grassy, common areas for walking the animal. This does not apply to service animals. **All information received by the Association in conjunction with a disabled owner's, resident's and/or guest's request for reasonable accommodation will be kept confidential in compliance with Florida Statute section 718.111(12)(c). If any other resident or owner inquires as to why a special accommodation appears to have been made, the Association representative's response will be: "a reasonable accommodation has been granted as a matter of Florida and Federal law" or words of similar import. No additional information will be provided regarding the nature of the disability.**

Acknowledgement

I have received and read a copy of the Policy and Procedure for Disabled Owner or Resident to Request a Reasonable Accommodation and I agree to abide by the regulations. I bear full responsibility for the service/support animal and I agree to indemnify and hold harmless the Board of Directors, Association, management, owners and occupants of other units, against any loss, claim or liability of any kind or character whatsoever arising from owning or keeping a service/support animal in the unit.

SECTION FIVE

RULE REGARDING PARTICIPATION IN AND RECORDING OF MEETINGS

I. Board Meetings Defined

“Meeting of the Board of Directors” is hereby defined as a quorum of Directors gathered to discuss official Association business. The term “meeting” does not include gatherings of less than a quorum of Directors engaged in fact-finding investigations or legal inquiries to be used as a basis to inform the Board of Directors for action to be taken at a “meeting.”

II. Unit Owner Attendance at Meetings

Every unit owner shall have the right to attend all Board of Directors and membership meetings, as well as the Finance Committee meetings when the committee members are discussing the budget. No person other than a unit owner, or his authorized representative accompanying such unit owner, may be permitted to attend such meetings.

III. Unit Owner Participation at Meetings

Every unit owner shall have the right to participate in Board of Directors and membership meetings. The following rules may be used at the discretion of the presiding director:

A. Statements by unit owners shall be restricted solely to items designated on the agenda of that meeting. No other statements shall be permitted except as may be authorized by the Board or presiding director. Requests to make statements shall be submitted, in writing, to the presiding director at the commencement of the meeting. The Association may use a sign-up sheet as a means of obtaining written requests to speak.

B. A unit owner will be permitted to speak only in reference to the agenda item specified in the written request except as authorized by the Board. The unit owner’s statement shall not exceed three (3) minutes. The presiding director shall give the floor to any unit owner permitted to speak subsequent to the calling of the agenda item and prior to the discussion and vote of the Board upon the agenda item.

IV. Unit Owner Tape Recording or Videotaping of a Meeting

Any unit owner may tape record or videotape a meeting subject to the following rules:

- No tape recording or videotaping of any meeting shall interfere with or obstruct the meeting.
- No equipment shall obstruct any unit owner's view, hearing, or access to the meeting.
- Recording or videotaping equipment must be set up and in a stationary place no less than ten minutes prior to the scheduled commencement of the meeting.
- No extra lighting shall be permitted and no accessory equipment shall be utilized.
- The recording devices must be visible at all times and must be removed immediately following adjournment of the meeting.
- The unit owner or the owner's authorized representative making the recording must be present throughout the period of recording.

V. Enforcement of Meeting Rules

A. Any person not authorized by law to attend a meeting shall be prohibited from attending the meeting or ejected therefrom.

B. Any unit owner or authorized representative who fails to comply with these rules shall be subject to ejection at the sole discretion of the presiding director. The director shall give any non-complying person one warning regarding ejection and thereafter may call for immediate ejection.

C. The presiding director of the meeting may appoint a sergeant-at-arms who, at the direction of the director, shall either remove the unit owner or authorized representative or contact a law enforcement representative to remove such person.

- The Board of Directors may take whatever action which is appropriate by law or in equity against any person who fails to comply with these rules.

BHC RECORD COPYING AND INSPECTION

WHEREAS, Section 718.111 (12) (c), Florida Statutes (1997) specifically authorizes the Association to adopt reasonable rules regarding the frequency, time, location, notice and manner of inspection of the Association's records; and

WHEREAS, the Association's By-Laws authorize the Board of Directors to generally exercise the powers and duties of the Association; and

WHEREAS, the Board determines that it is in the best interest of the Association to promulgate and adhere to rules governing document inspection pursuant to the authority of Section 718.111 (12) (c), Florida Statutes (1997).

NOW THEREFORE, the Board of Directors of BHC, Inc., hereby establishes the following rules governing the inspection of the official Records of the Association.

I. RECORDS DEFINED

The Official Records available for inspection and copying are those designated by Chapter 718, Florida Statutes, of the Florida Condominium Act, as amended from time to time, as the Official Records of the Association, to the extent that the Association is required to maintain such records.

II. RECORDS AVAILABLE

No records other than those defined above shall be available for inspection or copying.

III. PERSONS ENTITLED TO INSPECT OR COPY

No unit owner, or the unit owner's authorized representative (as referenced in Exhibit "A" attached hereto), shall have any right to inspect or copy the records of the Association, except as permitted by law. No other person shall be permitted to inspect or copy the Association records.

IV. INSPECTION AND COPYING

A unit owner, or a unit owner's authorized representative, desiring to inspect or copy Association records shall submit a written request therefore to the Manager, or other designee of the Association. The written request must specify the particular records the unit owner desires to inspect or copy, including pertinent dates or time periods. The specification of the particular records must be sufficiently detailed to permit the Association to retrieve the exact records requested. General descriptions of records, such as, but not limited to, "All items pertaining to _____" and such general requests need not be honored. The form to be utilized for such requests is attached hereto as Exhibit "B".

- A. Inspection or copying of records shall be restricted solely to those records specifically designated in the written request for inspection or copying. No inspection or copying of any other records shall be permitted.
- B. A unit owner, or a unit owner's authorized representative, shall not submit more than one (1) written request for inspection or copying of records per calendar month. No written request shall be made for the same records requested in a prior written request within the previous twelve (12) calendar months.

- C. Inspections of records shall be conducted at the office where the Association's records are maintained or at such other location within the State of Florida as may be designated by the Association. No unit owner or authorized representative of a unit owner shall remove original records from the location where the records are inspected. No marks or alterations shall be made on original records.
- D. Records shall be made available for inspection by the Association on or before the fifth working day subsequent to actual receipt by the Association of the written request for inspection. This time frame may be extended upon request of the unit owner. In addition, this time frame shall be extended in the event the records are too voluminous, or otherwise in such condition as to render this time frame unreasonable. The Association shall notify the unit owner, by telephone or in writing, that the records are available and of the time, date and place for such inspection. Inspection shall be made only during normal Association business hours, or during the normal business hours of the location of inspection if other than the Association office. (For the purposes herein, "working day" shall mean Monday through Friday, exclusive of federal, state and local holidays in which the office of the Association is closed. For the purposes herein, "normal business hours" shall be hours the Association office is customarily open, or the hours at the location where the records are to be inspected is customarily open, or if there are no customary hours of operation, then 9:00 A.M. to 12:00 P.M. and 1:00 P.M. to 5:00 P.M., all on a working day.) No unit owner shall be entitled to inspect records more than one "working day" per calendar month.
- E. If, at or subsequent to inspection, a unit owner or a unit owner's authorized representative desires to have a copy of a record, the unit owner shall designate in a separate writing, on a form provided by the Association (see Exhibit "C" attached hereto), which record, or portion thereof, for which a copy is desired, or, in the alternative, shall designate such record by use of a clip or tab upon the page(s) desired. Not more than one (1) copy of each record requested shall be permitted. If the location where the records are being inspected or stored has a copy machine capable of making copies of the records designated, then copies of the records shall be available within two (2) working days subsequent to the designation of such records. If there is no copy machine capable of making copies of the designated records at the location where the records are being inspected or stored, then copies of the records shall be available as soon as a copying service can pick-up, copy and return the records to the location where the records are being inspected or stored. Photocopies will be available at the place where official records are kept.

1. **Owners requesting copies must arrange for pick-up of records. The Association shall have no obligation to mail or otherwise deliver to any place.** In the event the copies of the records are so voluminous, or a copy machine or copy service is not available or too busy, or the records are in such condition or form that copies cannot be made available within the above-stated periods, then copies will be made available as soon as practical.

- F. A unit owner or a unit owner's authorized representative shall pay the reasonable expense of copying in the event the cost exceeds one dollar (1.00), at the per page rate established from time to time by the Board, which rate shall not exceed the maximum permissible by law, if any, and which shall be twenty-five cents (\$.25) unless otherwise specified by the Board. Payment in advance for the cost of copying shall be required. In the event payment is made in form of a personal check, payment shall be deemed received when such check has cleared the bank. No copy of a record shall be made unless payment for the copy is received. Records not normally kept in written form shall be produced for inspection in the form in which they are normally kept. The cost of converting such records to written forms shall be in addition to the cost of copying such records, and the unit owner or the unit owner's authorized representative shall pay the reasonable expense of converting such records to written form, which expense shall not be less than the actual cost of making the copy nor more than the highest amount permissible by law.

V. MANNER OF INSPECTION

- A. No written request for inspection or copying shall be made in order to harass any unit owner, resident, or Association agent, officer, director or employee.
- B. For purposes thereof, a unit owner and the unit owner's authorized representative shall be considered one person. If inspection is requested by any person other than a record owner of the unit, said request shall not be recognized by the Association unless and until the record owners of the unit designate such person, in writing, as their authorized representative or unless such person is an attorney admitted to practice in Florida.
- C. All persons inspecting or requesting copies of records shall conduct themselves in a courteous manner, and shall not interfere with the normal operation of the Association office and the duties of its personnel, or the office where the records are otherwise inspected or copied or the duties of their personnel. The Association office, or office of inspection, shall assign one staff person or officer to assist in the inspection and all requests for further assistance and copying during the inspection shall be directed to that staff person.

- D. The Association shall maintain a log sheet (attached hereto as Exhibit “D”) which shall include:
- The date of a written request for inspection;
 - The name of the requesting party;
 - The records which are requested;
 - The date of availability of records for inspection or copying;
 - The date of actual inspection or copying; and
 - The signature of the person inspecting or copying acknowledging receipt of the records. Every person inspecting or receiving copies of the record shall sign said receipt.

VI ENFORCEMENT OF INSPECTION AND COPYING RULES

- A. Any violation of these rules shall cause the immediate suspension of the inspection or copying until such time as the violator agrees in writing to comply herewith.
- B. Any requests for inspection and copying not complying with these rules shall not be honored, but the Association shall mail or hand-deliver a written response to the person requesting inspection and/or copying within two (2) days after receipt of a non-complying request and shall indicate how the request fails to comply herewith.
- C. The Board of Directors may take whatever appropriate legal action is available against any person who fails to comply with these rules.
- D. Nothing in these rules shall be construed as a limitation or restriction upon any of the Association’s rights or remedies, or act as an election of remedies. All rights and remedies available to the Association shall be cumulative.
- E. This resolution shall be effective from the date set forth below until subsequently modified by further Resolution of the Board.

Acknowledgement & Acceptance Agreement for Use of the Second Floor Sundecks

As you may be aware, during the summer of 2017, Spectrum Contracting stripped, repaired and replaced the sun deck membranes and re-sealed the entire second floor sun decks. What started out as a \$39,000.00 repair and maintenance job ended up costing \$87,000.00 due to numerous maintenance and abuse issues. After completing the work, Dean Forrest of Spectrum Contracting made recommendations for the care, use and maintenance of these second floor sun decks. Non-compliance with these recommendations nullifies the Manufactures Warranty and will result with the offending homeowner being responsible to pay for repairs to both the sun deck membrane and coating. The recommendations are as follows:

- 1) All furniture should have the manufactures recommended protection at the base of the feet whether it be rubber, plastic, or other soft material. There should be no metal or sharp-edged material resting on the sun deck membrane.
- 2) All flowerpots, plant or fern containers should be elevated off the sun deck floor so water from rain or condensation can pass under the containers to allow the roof membrane to stay dry. See Maintenance Supervisor for recommended approved trays.
- 3) Outdoor carpeting, rugs or coverings hold onto moisture and promote the growth of mold. No carpeting, rugs or coverings of any nature are allowed to sit on the sun deck membrane. BHC Rules and Regulations prohibit the use of carpet on sundeck surfaces. If mold should occur for whatever reason, please inform the maintenance supervisor as it has to be cleaned with very mild detergents to protect the roof coating, membrane and warranty.
- 4) No glass top tables of any nature are permitted on the second floor sun decks.
- 5) Sun deck umbrellas are permitted provided there is no metal coming in contact with the roof coating and membrane. Metal in contact with the roof membrane will eventually cause rust and nullify the manufacturer's warranty. Excess weight of the base for an umbrella may cause damage to the sun deck membrane. If this occurs the homeowner will be responsible to cover the cost of repair and replacement of the sun deck membrane. Small personal umbrellas that attach to patio furniture are recommended.
- 6) Any fabric or material, either for decoration or windbreak, attached to the sundeck railings is prohibited.
- 7) All items including but not limited to furniture must be removed from the sundecks when the owner is not in residence.

As a second floor homeowner you agree to willingly co-operate with the Spectrum Contracting "Recommendations for Care and Use of the Second Floor Sundecks" as non-compliance nullifies the manufacturer's warranty. Non-compliance with these recommendations will result in the offending homeowner being responsible to pay to repair all to both the roof coating and membrane.
